OBJECTIVE

A passionate and result-oriented frontend developer with over 3 years of experience specializing in **Vue.js, Vuetify, and JavaScript**, aiming to contribute to a dynamic and growth-oriented organization. Skilled in building responsive, scalable, and user-centric web applications, I seek to leverage my technical expertise and problem-solving abilities to drive innovative digital experiences and continue evolving as a full-stack contributor.

EXPERIENCE

Associate Software Engineer
Dizitive IT Solutions Pvt. Ltd. – *May 2022 – Present*

- **3.1** years of hands-on experience in designing and developing modern web applications using **Vue.js**.
- Actively contributed to the development of Theater Bites food App, CPQ and ERM application with **REST API integration**, modular UI components, and scalable state management using **Pinia**.

Web Technology Intern
Sysora Technologies Pvt. Ltd. – *Jan 2021 – Apr 2021*

- Gained foundational knowledge in **HTML, CSS, JavaScript,** and **modern web development** practices.

KEY SKILLS

- **VUE 2 & 3, VUETIFY 2, Beta3 & 3.0, PINIA, JAVASCRIPT**, HTML5, CSS3, BOOTSTRAP, Deployment Automation, Win SCP, PUTTY
- GIT, **Rest API Integration,** Cross Browser Compatibility, Responsive Design

EDUCATION QUALIFICATIONS

- **MCA** from Gandhi Institute for Technological Advancement, Bhubaneswar **(2021)**
- **BCA** from Swami Vivekananda Memorial Autonomous College of Jagatsinghpur (2019)
- 12th from Alaka Mahavidyalaya, Jagatsinghpur (2016)
- 10th from Somanatha Vidyapitha, Jahanpur, Jagatsinghpur (2014)

PROJECTS

- **THEATER BITES:**
  - **Theater Bites** is an innovative **food ordering web application** designed for theatergoers to seamlessly **order food directly from their seats** using a **QR code scanner** on their mobile devices. The system enhances the in-theater dining experience by allowing users to browse menus, place orders, and track delivery without leaving their seat.
  - **CLIENT – SAMPOORNA THEATER HYDERABAD (**ROLE & RESPONSIBILITY – Front-end Developer**) 2025 (completed)**
    - Developed a **responsive and intuitive user interface** using **Vue 3** and **Vuetify 3** tailored for mobile-first usage. Enabled HR database management.
    - Ensured seamless interaction with backend APIs for order processing and seat mapping. Developed UI with Vue.js & Vuetify.
    - Implement Modules for **Menu Browsing, Cart Management, Real Time Order Tracking, Payment and Checkout.**

- ➢ **TECHNOLOGY USED:**
    - **Vue3, Vuetify3**, **PINIA**, Vite, PHP, MONGO DB

- **ENTERPRISE RESOURCE MANAGEMENT:**
    - As the Lead Front-end Developer for the Bizkingz Enterprise Resource Management (ERP) project, I spearheaded the design and implementation of the web application interface.
    - This critical role involved creating an intuitive and user-friendly platform for purchase order creation, sales order management, payment generation, report generation, lead creation, and merchant management.
    - Leveraging my expertise in Front-end development, I ensured a seamless user experience and cohesive design across all modules. This project highlights my proficiency in UI development and my ability to lead successful implementations of complex web applications.
  - ➢ **CLIENT - BIZKINGZ (ROLE & RESPONSIBILITY** – **Front-end Developer) 2023 – 2024(COMPLETE)**
    - **Led Front-end development using Vue3 and Vuetify.**
    - Ensured responsive, cross-browser UI.
    - **Collaborated for seamless user experience.**
    - Met project milestones on time.
    - **Enhanced BIZKINGZ interface for usability.**
  - ➢ **TECHNOLOGY USED:**
    - **Vue3, Vuetify 3Beta**, Vite, **VUEX**, PHP, MongoDB.

- **CONFIGURE PRICE QUOTE:**
    - Spearheaded a project focused on solving complex pricing calculations for a **Fire Protection Company**.
    - Developed a streamlined process for product definition, price configuration, and quick generation of quotes.
    - Enhanced efficiency for Sales and customer-facing teams in the modern industry.
    - Implemented a solution to streamline the configure, price, and quote process for the company, resulting in improved sales productivity and customer satisfaction.
  - ➢ **CLIENT – TRIDENT FIRE PROTECTION (ROLE & RESPONSIBILITY** – **Front-end Developer) 2022 – 2024(COMPLETE – PHASE 1)**
    - Front-end development using Vue2 and Vuetify2.
    - cross-browser UI.
    - Met project milestones on time.
    - **Complex API Data Integration.**
    - Actively involved in client meetings to gather requirements (Agile Methodology)
  - ➢ **TECHNOLOGY USED:**
    - **Vue2, Vuetify 2**, JAVA, MY SQL.

PERSONAL ATTRIBUTES

- Adoptable to different environments
- **Team Player**
- Problem Solver
- Punctual and Creative
- **Dedicated to achieving project goals**
- **Ability to work efficiently under pressure**

I Solemnly declare that statements made by me in the form are correct to the best of my knowledge and belief.
